

How Does Education Pay Off for Kansas?

In Kansas:

Working-age residents with college degrees are 32 percent more likely to participate in the workforce than those with less than a high school diploma.

And their earnings over a lifetime are twice as much – a substantial personal benefit as well as a benefit to the state with respect to more taxable resources, fewer health problems, lower rates of crime, and greater levels of civic engagement.

How Does Kansas Measure Up?

Kansas's Young Adults Compared to the U.S. and Best Performing Countries (Age 25 to 34)

In Kansas:

A higher percentage of young adults have completed high school than the U.S. average, but lower than the top states and the most educated countries.

A higher percentage of young adults have earned college degrees than the U.S. average, but lower than the top states and the most educated countries.

Note: The most educated countries in 2005 include Korea, Japan and Canada.

The Challenge: Kansas's Working-Age Adults (18 to 64) with No College Degree

**Of 1,713,744
Working-Age Adults . . .**

... **1,120,219** have not completed college (associate's degrees or higher) — **65.4** percent of all working-age adults in Kansas. Of these:

177,802 have not completed high school (or equivalent)

494,111 have completed just a high school diploma but have not entered college

448,306 have completed some college but no degree

47,252 speak little or no English

249,324 are living in families whose combined incomes are less than a living wage (twice the level of poverty)

How Well Does Kansas Serve Adult Learners?

Addressing Basic Skills in Kansas:

State-administered adult education programs serve adults without a high school diploma at a lower rate than the U.S. average, and at a much lower rate than the top performing states.

ESL programs serve the adult population lacking English proficiency at a lower rate than the U.S. average, and at a much lower rate than the top performing states.

Adults Served per 1,000 Adults Age 18-64:

Enrolled in State-Administered Adult Education Programs with Less than a High School Diploma

Enrolled in English as a Second Language Programs with Little or No English Proficiency

GEDs Awarded per 1,000 Adults:
