

CAEL'S MEMBERSHIP VALUE TO POSTSECONDARY LEADERS

*At a time when demographics are changing and institutional enrollments shifting, better serving **working adult learners** is increasingly an integral component of an institution's twin goals of responsiveness and success. The Council for Adult and Experiential Learning (CAEL) seeks to be an affordable partner and resource in these evolving times - and beyond.*

Does your Institution...

- Want to **SERVE MORE WORKING ADULT LEARNERS** to create adult-serving programs or enhance support services for adults – yet are uncertain, unprepared or don't know where to start?
- Need to **GROW** the **NUMBER OF WORKING ADULT LEARNERS** yet want to approach the process strategically and based on research and best practices and with a goal of using current responses more purposefully?
- Seek the most **UP-TO-DATE RESOURCES** about working adult learners that offer a broad scope of solutions that can be tailored to your institution's specific needs and goals?

CAEL Membership offers Solutions and Resources that Work for your Institution

- CAEL's long history of helping institutions effectively serve and attract adult learners can provide your institution connections, solutions, and tools that will help your campus leadership, staff, and faculty best serve your working adult learners;
- As an affiliate of the Strada Education Network, CAEL provides you and your institution unique access to important research and resources in a variety of areas that will help you achieve your goals;
- With CAEL's network of employers and regional workforce and economic development connections, your campus has access to important local connections and perspectives.

CAEL is committed to providing the highest level of value to its members by collectively working toward a future when 'every adult has a pathway to lifelong learning and meaningful work.'

Marie Cini, President, CAEL
